

MTPADP-RS-EH

EM & HID KEYPAD AND PROXIMITY READER
WITH RS-485 OUTPUT

This double technology reader, in black ABS, offers a double access security: via code and via card. It can be installed either outside or inside. It comes with a RS-485 bus and a backlight keypad. Its LEDs, tamper and buzzer are managed directly by the WS4 controllers. It can read EM or HID 125 kHz cards, depending on the programming selected.
